

ZM2022 1 July 2022 Friday MORNING PROGRAM

5th International Conference on New Developments in Soil Mechanics and Geotechnical Engineering

1 July 2022 Friday

10.00 – 11.00 KEYNOTE SESSION 4

Chairperson Prof.Dr. Cavit Atalar

Near East University,

Head, Earthquake and Soil Research and Evaluation Center

Professor Khaled Sobhan

Bearing capacity of shallow strip foundation on granular soil under eccentric, inclined and eccentrically inclined loading—a review

B. M. Das, C. R. Patra, R. N. Behera, K. Sobhan and C. Atalar

11.00 – 12.00 KEYNOTE SESSION 5

Chairperson Prof.Dr. Askar Zhusupbekov

Past Vice-President of the ISSMGE for Asia, Kazakhstan

Professor Eun Chul Shin

Immediate Past Vice-President of the ISSMGE for Asia, Korea

Static and Dynamic Behavior of Shallow Foundation Reinforced by Honey Cell Modular Block

Eun Chul Shin, Chul Hee Lee, and Jeong Ku Kang

12.00 – 13.00 KEYNOTE SESSION 6

Chairperson Prof.Dr. Ivan Vanicek

Past Vice-President of the ISSMGE for Europe, Czech Republic

Professor Mounir Bouassida

Past Vice-President of the ISSMGE for Africa, Tunisia

New tool for the measurement of soils shear strength

Mounir Bouassida and Dalel Azaiez
